

Fleequid brings verified used-bus trading to Busworld Europe 2025

The digital marketplace showcases its technician-verified TrustReport and end-to-end buyer and sellers support at Brussels Expo, 4—9 October

Brussels, 24 September 2025 — Fleequid, the B2B marketplace dedicated to buying and selling used buses, will participate in **Busworld Europe 2025** at **Brussels Expo** from **4 to 9 October 2025**. The company will demonstrate how its standardized **TrustReport** and assisted transaction model make used-bus trading more transparent and reliable for operators across Europe.

“Professionals need **clarity, consistency and confidence when purchasing vehicles**. At Busworld we will show how Fleequid’s independent TrustReport, combined with our assisted process, helps buyers act with certainty and helps sellers reach qualified demand across borders,” said **Filippo Battaglia, CEO of Fleequid**.

What Fleequid will showcase at Busworld

- **Fleequid TrustReport: standardized, technician-verified reports.** Every listed vehicle is inspected by specialized technicians using a professional and impartial checklist covering **150+ checkpoints** and supported by **80+ photos/videos**, including documents verification. Fleequid guarantees that the vehicle on delivery matches the published report.
- **A solid, experienced partner:** Fleequid builds on **40+ years of industry experience** and a European footprint. The company works with leading players and maintains a physical presence in multiple countries, underlining a long-term commitment to the sector.
- **Support from offer to delivery:** Beyond listings, Fleequid assists buyers and sellers end-to-end: managing payments and documents, coordinating logistics and ensuring that agreements are honored. Each transaction is followed by a dedicated Fleequid contact.

“Used-bus trading shouldn’t be based on personal networks or hidden information,” added **Federico Battaglia, Co-Founder of Fleequid**. “Our role is to standardize what matters, surface the right opportunities and stand behind every step of the process.”
