

PRESS RELEASE
October 3rd 2025

**INNOVATIVE PRIVACY GLASS FROM FINLAND IS THE AWARD
NOMINEE OF THE SHORTLIST INNOVATION
@BUSWORLDEUROPE 2025 IN BRUSSELS 4-9TH OCTOBER.**

JTPrivacy glass, designed and manufactured by Jaakko-Tuote Oy, is a new innovation for the vehicle industry.

Jaakko-Tuote Oy is a Finnish family business that designs, develops and manufactures high quality safety glass products for demanding applications with over 50 years of experience. Shape of Excellence, the slogan and the company policy are based on customer-oriented service with flexibility and expertise from start to finish.

JTPrivacy Glass is a smart safety glass with integrated PDLC film that switches between transparent and opaque states.

Automotive Applications

- Sunroofs & Panoramic Roofs: Light and heat control with sleek aesthetics
- Side Windows: Privacy and glare reduction
- Partition Glasses: Driver-passenger separation in buses, taxis, and limousines

You are very welcome to visit us in Hall 8 – stand 861 and see our JTPrivacy glass product. We would be happy to tell you more about our company and our safety glass product lines.
